YOU ARE Ready!

REC

We provide adventurous, fun loving students with the freedom to sail across the lake rather than on a prescribed course.

Whether sailing to a destination as part of our Adventure Sailing program for a STEM based field trip or simply given a chance to sail across the lake on performance boats, we want students to have a chance to enjoy the ride while learning the sport.

Okoboji Sailing Center is introducing Iowa's first regional high school sailing club.

RACE

Our race programs are geared for students that enjoy the fun of competition.

We offer curriculum that hones boat handling skills so athletes may focus on tactics and strategy as they negotiate the race course.

Our top priorities are teaching the merits of sportsmanship & teamwork while coaching athletes on qualities that last a lifetime.

READY?

We are looking for enthusiastic athletes to get out on the water with us. Race programs will be coached in Laser and Collegiate 420 classes as teams prepare to compete in MISSA sanctioned Tier 2 and Tier 3 events throughout the Midwest.
